# Infection Control, OSHA and Your Dental Office

Friday, March 21, 2014

7:30 a.m. • Registration and Continental Breakfast

8:30 – 11:30 a.m. • Lecture

## Overview and Objectives

**Course Overview:** This 3 hour lectured course provides the annual training required for all health care workers by the OSHA Bloodborne Pathogens Standards. Dental professionals and health care workers will learn the etiology and epidemiology of bloodborne pathogens, exposure control plans, effective barrier techniques and asepsis. They will receive the latest updates on instrument processing, engineering work practices and handpiece sterilization dental unit water line issues.

**Course Objective:** *At the end of this course, all attendees should:*

- Understand the principals of infection control
- Be aware of safety issues involved in dental care
- Be able to apply modern infection control principals
- Be knowledgeable about requirements of the OSHA Bloodborne Pathogens Standards
- Be able to critically analyze different methods for instrument decontamination

**Program Director:** Donal D. Scheidel, D.D.S.

This course is designated at 3 CE Credit Hours.

## James H. Howard, D.D.S., M.S.

**James H. Howard, D.D.S., M.S.,** is an associate professor of general dentistry, associate dean of clinical services and director of clinics at the Creighton University School of Dentistry. He is also chairman of the committee on infection control for the school.

Dr. Howard joined the faculty in 1995, following a career service in the U.S. Air Force Dental Corps. He earned his DDS from the University of Maryland and his MS from the University of Michigan. Dr. Howard is a Diplomat of the Federal Services Board of General Dentistry.

## Accreditation Statement

Creighton University is an approved CE provider by the states of Iowa, Kansas, Minnesota and South Dakota, and this course meets the requirements for credit in Nebraska. Creighton is an ADA CERP Recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Creighton University School of Dentistry designates this activity for three (3) continuing education credits.

## Disclosure Policy

It is the policy of Creighton University Health Sciences Continuing Education, to ensure balance, independence, objectivity and scientific rigor in all its educational activities. None of the instructors, staff nor members of their immediate families, have any financial relationships with commercial entities that may be relevant to this presentation.

As a dental educational institution, Creighton University has an obligation to disseminate information related to the practice of dentistry. Some programs may contain controversial information or product references. Sponsorship of such a program does not indicate an endorsement by Creighton University. In the spirit of academic freedom, this information is offered to the dental professional community so participants have the opportunity to weight the validity and usefulness of material presented, according to their own professional experience and judgment.
